TROOPER RUN DOWN BY BROADWAY CAR

Private David Mohlman of Ninth Cavalry Perhaps Fatally Injured When Coach Runs Over His Horse.

Private David Mohlman, Troop I, Ninth Cavalry, U. S. A., was probably fatally injured by a Broadway car at No. 409 South Broadway yesterday morning. His horse was run over by the car and instantly killed.

Mohlman was riding south on Broadway near the car track when his horse was struck at a place of paper and jumped in front of a car which was proceeding at full speed in the same direction.

The trooper reversed the current and threw on the air brake, but was unable to stop the car.

The front of the car struck full force against the side of the horse, throwing it to the ground. The wheels of the front truck passed over the animal, cutting it in two. Mohlman was thrown by the car to the side of the track.

When he was picked up it was found that both his arms and one leg had been broken and he was out of his mind. An ambulance was sent for him to the hospital at Jefferson Barracks.

In addition to the injuries to his limbs, it was found that his back had been broken and that he had sustained internal injuries. The doctors say that it is impossible for Mohlman to recover.
